ASTIGMATISM.

What it is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful treatment. Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

MATTERS TAKING SHAPE.

The Mass Meeting—Tournament and Industrial Exhibit.

While the mass meeting at the court house last night might have been attended by a larger number of people, it was a representative gathering—the workers were there. The firemen were out in force, and there was much earnestness and enthusiasm displayed. Chairman J. Van Lindley called the meeting to order and the secretary announced a partial list of committees, others to be appointed later, when the full lists will be published.

Mr. J. J. Stone then announced that it was highly important that the finances be secured and that Capt. J. D. McNeill being present he might be able to give some points about the best mode of procedure. Capt. McNeill who was then introduced by Mayor Taylor is a favorite with the firemen, being president of the State Firemen's Association. As he rose he was greeted by a storm of applause. He said it was a time for work. He gave some practical suggestions, and his talk was greatly appreciated and enjoyed.

Remarks were made by Judge Bynum, Chairman Lindley, Mayor Taylor, C. G. Wright, A. W. McAlister and H. C. Berger, all of which was timely and to the point. Messrs. Berger and Wright didn't want the industrial feature lost sight of while arranging to give the noble firemen a good time. The industrial feature is where Greensboro expects to derive the lasting benefit from the occasion.

Reports from the finance committee were very encouraging. Four out of the six wards in the city were heard from and $1,466 is the result of the work so far in those four wards. The work is not done yet, and the committee was instructed to push forward. So far the outlook is gratifying and success is assured.

A vote of thanks, on motion of Mr. Berger, was tendered Capt. McNeill for his presence and interest in our gala week occasion. Capt. McNeill responded gracefully and said he appreciated the vote, but that he did not feel that he needed thanking for anything he could do for the firemen of North Carolina.

The meeting adjourned to meet again on Thursday night, June 1st.

SOME NICE, QUICK WORK.

Stolen Bicycle Recovered Within Fifteen Minutes.

Chief of Police Scott executed some quick work this morning. At 9:45 o'clock he received a telephone message from Danville to look out for a wheel which had been stolen there. A description was given and the chief went out and began an inspection of every wheel that passed. At 10 o'clock he had found it at the postoffice and waited until the rider should return and claim it. It was only a few minutes before a little coon—a mere pickaninny, little more than waist high to the chief—came up and was about to mount the cycle and depart, but the officer interfered. When questioned the sharp little rascal said that he had just borrowed the wheel from another little coon who, he said, was then coming up the street. So it turned around to wait for him, but had hardly done so when he heard the pattering of feet and turning again saw pickaninny No. 1 simply flying down South Elm.

Out-witted by a coon but not discouraged, the officer mounted the newly recovered wheel to give chase, but being unaccustomed to low handlebars it was a poor go and the negro, by running through lots and lumber yards, easily out-distanced him.

The chief put officer Jeffries on the trail, and returned. The wheel, which bore the name of Chas. K. Carter, was shipped back to Danville at noon.

COMMENCEMENT EXERCISES

Of the State Normal and Industrial College.

Sunday, May 21, at 11:0 a. m., Rev. J. O. Rust, D. D., of Nashville, Tenn., will preach the annual sermon. Dr. Rust is one of the ablest preachers and most brilliant orators of the Southern Baptist Convention. Everybody is invited. It is hoped that a large audience will greet this distinguished preacher.

At 8:00 p. m. an address before the young Women's Christian Association will be delivered by President E. A. Alderman, of the University of North Carolina. His subject will be "What I Saw in the Holy Land." Dr. Alderman is easily one of the most brilliant orators in the state, and needs no introduction to the people of Greensboro. All are cordially invited to these exercises.

FROM THE FIELD OF WAR.

Aguinaldo Is Reported to Desire Peace at Any Terms.

LUNA IS OPPOSED TO PEACE

And the Old Rascal Intercepts and Captures Two Of the Seven Peace Commissioners.

By Cable to the TELEGRAM.

Manila, May 19—Seven insurgent commissioners sent by Aguinaldo to seek terms of peace with the Americans are now enroute to Manila from San Isadro with the two commissioners who were at San Isodro when Lawton captured the town. The others fled to the northward to join Aguinaldo. Two of those who surrendered say the Filipinos want peace at any terms.

PEACE COMMISSIONERS CAPTURED.

Manila, May 19—It is reported that Bughocnino and Herrea, two of the seven peace commissioners enroute to Manila, have been captured by Gen. Luna, who is opposed to the overtures of peace.

AMERICANS ARE INTERESTED.

In The Peace Conference—Deluging Our Delegates With Telegrams.

By Cable to THE TELEGRAM.

The Hague, May 17—Delegates to the peace conference today informally consulted each other to arrange the order of business. The most important decision reached was that a large committee on war be named and subdivided afterwards into naval and military sections. The delegates had so few differences of opinion that the program will probably be announced tomorrow instead of waiting until next Tuesday, as had been planned.

AMERICANS INTERESTED.

The Hague, May 19—The American delegation is receiving a deluge of telegrams from all parts of the United States, indicating a degree of interest which surprises all of the delegates. A large majority of the telegrams are from representative bodies whose actions are considered significant.

A committee of Americans visited the American delegation today and made a plea for peace in behalf of their countrymen.

STABBED BY A BEGGAR.

Millionaire Gets it in the Neck—Wound Not Fatal.

By Wire to THE TELEGRAM.

Brooklyn, N. Y., May 19—Charles M. English, the millionaire president of Wallabout Bank, was stabbed in the neck by a beggar today. The banker was waiting for a car, when Christopher Baily, a homeless waif, aged twenty-one, came up and stabbed him because he was dissatisfied with the treatment he received when asking for alms at the banker's home a few days ago. The wound is severe but not fatal.

A Heavy Catch.

Messrs. R. E. Pearce, W. J. Weatherly, T. M. Pickard and S. L. Gilmer spent yesterday at Hamburg, ten miles north west of town, fishing. It was an ideal day and the fishermen waxed not weary for the swimmers snatched the hook greedily and were pulled out in a rapid manner. When the count was made it was found that the entire catch numbered 130—a very good day's work, and the fish were nearly all of good size. Hamburg is four miles beyond the Battle Ground and is said to be a beautiful place for picnics.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., May 19.

Mrs. Capt Parkins, of Hoover Hill, was in the city yesterday.

Our community was shocked last night by the sudden death of Mr. B. F. Jordan, one of our best citizens who dropped dead last evening at 6:30 o'clock of apoplexy, while out on his back porch. He had been troubled during the day with colic, but had taken medicine and was feeling much better at supper time, but in a short while he lay a corpse. He was in his 59th year and leaves a wife and six children, three brothers and one sister. He was a member of the Odd Fellows, who will take charge of the remains. The funeral services will be held this afternoon at 4:30 o'clock from the Presbyterian Church. We with the entire community extend our heartfelt sympathy to the bereaved family.

Mrs. Ida Beeson, daughter of B. F. Jordan, Arthur Jordan and Miss Minnie Hamlet, of Greensboro, came up last night through the country after hearing of Mr. Jordan's death.

Miss Eulallah Stewart, of Birmingham, Ala., who has been here for the past six years with her aunt, Mrs. N. E. Allred, left this morning for Greensboro where she will take the vestibule in the morning for her home.

Prof. and Mrs. Mendenhall of Asheboro, passed through last night enroute to Lexington to spend a few weeks.

S. A. Henley's barn at Asheboro was struck yesterday afternoon by lightning, killing his horse, burning his buggy and all other contents therein.

Misses Laura and Annie Woollen and John Ferree, of Randleman, drove up yesterday to meet Miss Mamie Green, of Richmond, who came last night to visit the Misses Woollen. They all returned to Randleman last night.

High Point continues to build factories. A trunk factory was organized last week and a table factory this week. The table factory's capital stock is $10,000. Dr. D. A. Stanton, president; E. A. Snow, secretary and Treasurer, and W. B. Pellett, manager and superintendent. The site has been purchased. They will build in the Y of the railroad.

Top O' the Morning.

The State Normal Magazine, dated April, 1899, reached us last week. It is published quarterly by a board of editors elected from the two literary societies of the Normal College. The managing editor is Miss Mary M. Petty. The magazine is very creditable indeed to the young ladies in charge of it and to the Normal and Industrial College. The leading articles for this issue are "The Higher Education of Women," by President Geo. T. Winston, of Texas, and "The Making of Literature," by Walter H. Page. The editorial work is excellent and the local and personal pages are bright and tasteful. We give the young ladies the top o' the mornin' and hope they will live long and prosper.—Charity.

Love Their Schools.

Dr. Charles D. McIver returned this morning from Winston, where he delivered the annual address before the Winston graded schools at their close last night. There were 28 girls and 10 boys in the graduating class. Dr. McIver is impressed with the manner in which Winston people regard their schools. The auditorium would not seat half the people who applied for admission. This is always the case at the commencement exercises there. Nearly everybody takes a day off, was devotes the time to encouraging the teacher and pupils by their presence. Here's a pointer. It does good.

A Farewell Drive.

President Charles D. McIver, of the State Normal and Industrial College, is treating the graduating class of that institution to a carriage drive this afternoon. The vehicles are lavishly decorated in the college colors and, among other places, the graduating young ladies will be taken to the Proximity Mills, Finishing Mills and the Steel and Iron Works.

N. C. CENSUS APPOINTMENTS

No Further Action Has Been Taken In The Matter.

PRITCHARD IS WORKING HARD.

With His Republican Henchmen to Prevent The Democrats Being Given Any of Them.

Special to the Telegram.

Washington, May 19—Senators Deboe and Lindsay and a large number of Kentuckyans have been in Washington for several days, for the purpose of arranging for the appointments of supervisors in that state. Senator Deboe and the republican delegation oppose Senator Lindsay's scheme for a division of the appointments, and they will remain here, as announced the other day, until the return of President McKinley. While here several conferences have been held between Deboe and Lindsay but without result. Lindsay claims that he is entitled to one half of the appointments, but this contention is disputed by the republicans, who want all of the supervisors. Senator Deboe says that he is willing that Senator Lindsay should have appointment of supervisor in his own district, but further than this he will not yield. Both senators have, it is said, broken off the conferences and will present full lists of supervisors and let the matter rest with Director Merriam. The director of the census, it is announced, will not take any further steps in the matter of the Kentucky appointments until the return of the president from Hot Springs. When the president returns, probably early next week, Senator Deboe and likely Senator Lindsay also, will arrange for a conference at the white house.

It was stated at the census office Thursday morning that no further action has been taken in the matter of the North Carolina appointments. Director Merriam seems disposed to divide the appointments in both North Carolina and Kentucky, but as in the case of the latter state, the republicans headed by Senator Pritchard, are working hard to prevent the democrats in North Carolina being given any appointments.

Congressman Stokes, of South Carolina, it is said during the next session of congress will again push his scheme for the extension of the system of rural free delivery along star routes which matter he was prominently engaged in pushing during the last session. The congressman will be in a much better position to push this matter at the next session than he was during the short session of congress, when both the house and senate were pressed for time. Moreover there is in the post office department among the officials a desire for some sort of legislation as proposed by Mr. Stokes. Among southern congressmen especially from states where there is a large rural population, it is believed that a system of a rural free delivery along star routes can be maintained by the postoffice at a minimum cost, and which would prove beneficial to farmers and others living along the routes and at a distance from the post offices.

Representative Ball, of Texas, was in the city Thursday, being here on business connected with the departments. Mr. Ball says that Mr. Bailey will be re-elected by the democrats during the next session as floor leader. There is, he says, in Texas quite a feeling that he may be elected United States senator to succeed Senator Chilton.

Congressman Ball thinks that the political outlook in the west this year is bright. He says the democratic party is stronger today than ever in Texas and other states in the southwest. The policy the administration is adopting in the Philippines, he thinks will be beneficial to the democracy in the national campaign next year.

It is said that the committee appointed to select a site for the new postoffice building at Winston, Salem, North Carolina, has been unable to agree on the location. The matter will be decided by Postoffice Inspector Crane, who is now in the state, upon his return to Washington.

Congressman Jones has gone to Richmond for the purpose of consulting with democratic leaders about the plans for the campaign to nominate senators by popular ballot.

It is thought here by democratic politicians that the Virginia state democratic committee will refuse to call a convention as requested by the Richmond conference.

On the 2nd of June the papers in the contested election cases of Walker against Rhea, and of Wise against Young, will be opened by the clerk of the house of representatives in the presence of the contestants, and contestees, and consul. Such of the testimony as is deemed proper, and of sufficient importance will be printed.

Last night Colonel William H. Stewart, of Portsmouth, Va., delivered a lecture at Confederate Veterans' Hall on the Life and Character of Mathew Fontaine Maury, The Pathfinder of the Seas, the Wisest Sailor of the World." A delegation from Lee Camp, Alexandria, visited Washington to attend the lecture. Many ladies were also present.

Postoffice has been established at Chip, Craven county, North Carolina. Wiley A. Ewell commissioned postmaster.

BANKED IN LOVELY ROSES.

The Leftwich Home For the Kalamazoo Whist Club.

The Kalamazoo Whist Club was entertained from 9 to 12 o'clock last evening by Col. and Mrs. A. H. Leftwich, at their beautiful home on Church street. There were fifty present, every member of the club being accompanied by a gentleman escort. The decorations were among the most beautiful ever seen in Greensboro, the chandeliers, mantles, tables, etc., being literally banked with beautiful roses. The tables were marked with empire fans. After the games the guests were invited into two spacious dining rooms, where roses still held sway, and where a bounteous and sumptuous supper was served. Salads of all kinds, olives and a variety of ices, cakes and fruits constituted the bill of fare.

The meeting was a brilliant and happy social event and will long be remembered by all who attended.

FRIDAY, MAY 19, 1899.

THE FARCE AT THE HAGUE.

The great international peace conference inaugurated by the Czar of Russia is in session at The Hague. Every power of importance in the world is represented. The insincere Russian greets with a most happy smile the wily Frenchman, the sneering Briton, the suspicious German and the important American. Each delegate, well prepared in "peaceful" ostentation, will go through his formal role, knowing the thing a huge farce in which the Czar is the leading man.

The meeting has for its excuse the discussion and consideration of plans and measures whereby peace between the ever contending nations of the world may be effectually and permanently secured, and all disputes settled by arbitration, etc. If the sinister promoter of this gigantic scheme, the iron ruler of Russia, could so impress his "sincerity" upon the representatives present that they would obligate themselves to have the implements of battle, on land and water, of their respective countries sunk into the bottom of the deep, his joy would be uncontrollable, and Russia's mighty armies and powerful navies would speedily show the Czar's hand.

This peace conference is almost universally regarded with pessimism, and to a great degree with ridicule. When its deliberations shall have ended and the representatives of the various powers returned to their respective lands, the eastern question will still remain to be settled only by a great grapple at each other's throat by two of the leading powers of the world, with perhaps formidable allies ranged on either side, making the most terrible war yet recorded.

OUR NAVY.

It is very gratifying to the pride of the average citizen that America is acquiring a first-class navy. Only a short while since our naval power was counted sixth in the list. Now we are fourth and many naval experts contend that we should rank third. Italy has more warships than the United States, but they couldn't stand against our modern cruisers and battleships. It has been generally thought that Germany and America were about equal in naval strength, but a leading German newspaper admits that Germany is not able to compete with us at sea. Russia's fleets are larger than our but they dare not risk an encounter at open sea against the late-styled war machines of America. So our navy is said to have only two superiors—England and France, and when our great battleships and cruisers at present being built shall have been completed we will acknowledge only one greater—but no master on the water—England.

She dare not tackle us, if we were not warm friends.

Greensboro is going at a rapid gait now. She blew out a cylinder head of one of the engines on the Southern track, yesterday at the depot. It would not surprise us to hear that Greensboro had slipped her trolley, punctured her tire, or had slipped down in trying to make the home plate. —Winston Journal.

Blowing out the cylinder head did not delay the train—we always have engines at hand fired up ready for such emergencies. When the trolley slips an expert conductor replaces it so quick the motorman scarcely finds out the current is off, and for punctures we have an abundant supply of quick repair glue on hand with experienced workmen to do the job. And last, but not least, many a game of ball has been won by the runner sliding in on the home plate while the catcher frantically paws the air after the ball which has passed.

The news comes from the seat of war that the Filipinos have been driven from their last ditch. The rebels will now proceed to the digging of new ditches.

Greensboro is a prosperous and steadily-growing city, but with the public roads of Guilford county improved as intended by Mr. Wharton's plan the city will receive inestimable benefit. No money was ever more wisely expended than money spent on improving public roads.

It appears from the preparations that are being made in this country to receive Dewey that he will early long for a "rest" in the Philippines.

BELMONT'S FREE SILVER BOOM.

Organizing a Formidable Delegation From the Empire State.

With the purpose to organize a formidable movement for W. J. Bryan and himself for nominees for president and vice-president on the democratic ticket in 1900, O. P. H. Belmont is rallying the Chicago democratic platform democratic leader, in this city. A committee will meet tomorrow evening and prepare a plan for extending the organization throughout the state, with committees in every county.

The plan under consideration is to perfect a skeleton organization all over the state, and elect a full set of delegates to the next national convention of the party. The delegates elected are to be silver men who believe in the Chicago platform, and are pledged to vote for Bryan and Belmont if they get into the convention.—New York Dispatch, 16th.

DAUGHTERS OF CONFEDERACY.

Their Next Meeting Will Be On the 19th of June.

At the last meeting of the Daughters of the Confederacy, the time of meeting was changed to the nineteenth day of the month, so there will be no meeting until the 19th of June. On that day it will be held in the auditorium of the North Greensboro graded school which has been graciously tendered the ladies by Prof. Grimsley.

PEFFER ABANDONS POPULISM.

The Kansas Ex-Statesman Says the Populist Party Has Been Eliminated.

Topeka, May 18—Ex-United States senator Peffer, one of the founders of the Populist party, has returned to the republican fold. The apparent settlement of many questions which were the cause of the organization of the old alliance, contributed to the change. In an interview today Mr Peffer said:

"I have always been a republican except on one main question—the money question. That seems to have settled itself apparently now. The populist party has been eliminated nationally by the democrats, so those of us who don't want to flock by ourselves will have to vote our convictions as best we can. The old Simon pure alliance man who left the republican party never was headed for Democracy and he is not now."

Had a Pleasant Voyage.

Washington, May 18—Letters received in this city indicate that Senator Jas. K. Jones, chairman of the democratic national committee, had a pleasant voyage across the Atlantic, and that his health is much improved The senator himself says he has not felt better at any time during the past ten years. It is likely that Senator Jones and party will sojourn on the Isle of Wight for several weeks.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. MARKETING CARNEGIE'S PLANT.

A Representative of the New Concern Receiving Subscriptions.

New York, May 18—W. H. Moore, of Chicago, is in this city receiving the subscriptions of large financial interests to the stock of the new Carnegie Steel Company, which takes over from Andrew Carnegie all of his iron and steel properties. Subscriptions are also being received in Chicago at the office of W. H. & J. H. Moore. None of the stock has as yet been offered to the public. The new company is capitalized at $625,000,000, divided into $250,000,000 6 per cent. non-cumulative preferred stock and $275,000,000 common stock, and in addition issues $100,000,000 5 per cent. bonds.

All the bonds go to Mr. Carnegie, and he gets an additional heavy payment for his properties which will be either in cash or stock. It will probably be in cash, and it is reported will amount to $50,000,000. The subscriptions for the stock are being made so that the subscriber who pays $10,600 in cash secures 100 shares of preferred stock, representing a total par value of $20,000. The purchasers of Mr. Carnegie's properties and the organizers of the new company are his thirty-two partners in the various enterprises headed by H. C Frick. The Carnegie Company and its allied interests and the H. C. Frick Coke Company and its allied interests are combined. These interests include the immense holdings of iron ore of the Oliver Mining Company and about 40 000 acres of Connellsville coke out of a total of about 60,000 acres.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Coming Home.

Washington, May 18—The war department officials say that within two months the Pacific transport fleet will be on its way home from Manila, with the last of the volunteer regiments The Pacific fleet is now being overhauled and provisioned for the voyage to Manila and return.

Active measures are being taken by the departments for the return of the volunteers, and there will be no delay in the sailing of the ships. Each transport, as soon as the troops are embarked, will be dispatched.

Mrs. Craft's head does not trouble her any more and she feels better than she has for three years.

"My head was hot and painful."

Mrs. Lydia Craft, of Larwood, Linn Co., Oreg., writes: "I was sick for a long time with female trouble but paid little attention to it until last winter; I miscarried and this left me in a very weak condition. I grew very nervous and despondent. I had such a disagreeable feeling in my head; my head was hot and painful. I had bearing down pains and my back hurt me all the time. I could not do any work and could not sleep. I tried some patent medicine but got no relief. I went to see the best doctor in Lebanon. He said I had inflammation of the feminine organs. I wrote to Dr. Pierce, and in due time received an encouraging letter, advising me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' They helped me steadily. I could see that I was gaining. When I wrote to you I weighed eighty-seven pounds, I now weigh ninety-nine. I can eat anything I want to, my appetite is good. I can work all day and not feel tired at night. I have no more bearing-down pains."

Suffering women everywhere should write to Dr. R. V. Pierce, Buffalo, N. Y., and receive his advice, free of cost.

For over thirty years Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. On the staff of this great institution are nearly a score of regularly graduated, skilled, experienced physicians, each of whom is a specialist in the treatment of some one group of diseases. It is the greatest establishment of its kind in the whole world.

Every letter has prompt and conscientious attention, and is regarded as sacredly confidential. All correspondence is carried on in plain envelopes, so your private affairs are kept safe from prying eyes.

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm Walpole, of Walshtown, S. D., says: "A little blotch about the size of a pea came under my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S S. S., and decided to try it. It acted like a charm, the Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small scab which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway."

Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because *the blood can not be cut away.* Insist upon S. S. S.; nothing can take its place.

S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

JOE JACKSON HANGED.

He Died Protesting That He Was Innocent of the Crime.

Charlotte, May 18—Joe Jackson, who was convicted of criminal assault on Miss Minne Brown, a young white girl of the Croft neighborhood, this county, was hanged in the county jail here this morning. He was a mulatto twenty-three years old, and was convicted largely on circumstantial evidonce, though he was positively identified by the victim as her assailant. He protested his innocence to the last, saying that they were hanging an innocent man, and that some day God would see justice done. Just before the black cap was adjusted he sang "In some way or other the Lord will provide." The drop fell at 11:14 o'clock, and twelve minutes later life was declared extinct

TO ELIMINATE POVERTY.

Mayor Jones on System That Gives Work to All.

Cincinnati, May 18—At today's session of the twenty-sixth national conference of Charities and Correction Dr. George F. Keene, of Howard, read a paper on the prevention and treatment of contagious diseases by municipalities and it was followed by a general discussion in which Dr. Flyle laid stress on the necessity of prevention from contagion in cases of tuberculosis.

Mayor Jones, of Toledo, read a lengthy paper entitled, "Charity or Justice—Which?" in which he said:

"Able-bodied men ever walk the streets, alleys and highways of our country pleading for work, yet there is no lack of useful and beautiful work that ought to be done. Inasmuch as private interests and private greed have failed to find a plan that will let all who are willing to work have the right to live, the time seems ripe for collective effort to solve the problem; inasmuch as labor produces all wealth, let us have more wealth. Ruskin says that 'the wealth of a nation may be estimated by the number of happy people employed in making useful things.' Let us set the example of a state made wealthy according to this lofty conception; in short, let us apply ourselves to the task of inaugurating and perfecting a just social system, conceived and carried out upon scientific lines and poverty, crime, vice and human misery will be things of the past and the prayer of our Lord will have been realized, the kingdom of Heaven will be set up here and His will done on earth as in Heaven."

List Your City Taxes.

John S. Michaux,

P. S —At the same time and place the list-takers and assessors for Morehead and Gilmer townships will attend for the purpose of assessing and listing property for state and county taxes in said townships. m17-3w

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. THE OLD REBS

Gave a Rebel yell and carried Charleston by storm. They have the right of way on all occasions; and in fact they are entitled to it. Just so with

Harry-Belk Brothers Co.

They have carried Greensboro by storm—captured the whole city and country without encountering the slightest obstacle. We did not raise a Rebel yell to accomplish what we have done, but simply turned loose our "Gatlin gun" and shelled the woods. The same was loaded with panic goods. Railroad wrecks and the like brought them down at long range. To see the crowds flocking to our store you would think we had another Confederate

RE-UNION

here, but it is this Cuban warfare among prices liberates our bargain counters and, my, the way the way the masses are accepting the situation—freedom from the galling yoke of high prices and big profits is enough to stir the country from center to circumference. "Watch out!" Our buyer has been in New York and Boston for some time closing out shoe manufacturers, clothing merchants, dry goods stocks, etc, at often less than the cost of making. Going north at this season gives us a decided advantage over others, for all manufacturers are anxious to clean up the stocks on hand before the fall season opens. Few goods piling in every day.

Listen! Checks 2c, calico 2½c, bleaching 4c, towels 2½c, lawns 2c, ladies' patent sandals 68c, worth $1.50; ladies' and children's Oxfords and slippers 25c up. Never before had goods so cheap. All we ask is for you to see them. It is like picking up dollars. We have bargains to offer you all our our store, so if dollars are worth anything to you, you can save them by looking through our stock of dry goods, notions, shoes, hats, gents' furnishings, etc., much easier than you can make them, no matter how easy they come.

So hide ont, little ones, and give the people the right of way to
